[REDACTED] This paper outlined Ambassador Korry's proposals and requested the 40 Committee to endorse them.

27 June 1970

40 Committee approved Part I of the Ambassador's proposal for an infusion of [REDACTED] more for anti-Allende activity, but deferred [REDACTED] until after 4 September. During the discussions, Mr. Alexis Johnson said that Messrs. Meyer and Crimmins were negative on both Korry proposals and that he himself had philosophical reservations. C/WHD pointed out to the Committee that Alessandri was slipping and that Allende seemed to be gaining a head of steam. [REDACTED]

Mr. Meyer advised Ambassador Korry that [REDACTED]

ARA and the Department as a whole recommended against approval of [REDACTED]

C/WHD met with Mr. Harold S. Geneen, Chairman and President of ITT, concerning financial support during the Chilean election. (C/WHD indicated the value and validity of U.S. business support to the Alessandri campaign.) Geneen said one [REDACTED] had solicited funds from ITT. C/WHD responded that this was probably [REDACTED] and [REDACTED] and an honest and acceptable channel for the [REDACTED]

passage of funds. In response to a query from Mr. Geneen, C/WHD said that although CIA would not act as a channel for the funding, we would explore means for the secure infusion of funds. [REDACTED]

27 July 1970

[REDACTED]  
C/WHD contacted Mr. Geneen and advised him that he had received information from

Santiago that, with the advice of our COS, a representative of ITT had made arrangements to pass funds to Alessandri through [REDACTED]

The COS indicated that this funding arrangement was being handled most professionally.

C/WHD said that other possible funding channels had been investigated, but recommended that ITT continue to utilize the [REDACTED] channel which, in our opinion, could handle a much larger amount than that committed. In response to a query from Mr. Geneen,

C/WHD advised that additional funds for Alessandri's campaign would be valuable.

Mr. Geneen said he would take steps to

August 1970

The COS briefed a representative of ITT on the electoral situation and pointed out that the major weakness in Alessandri's campaign management was his failure to use the organizational talents and vote delivery capabilities of the National Party. The COS suggested that the ITT representative might wish to prevail upon his superiors to make [REDACTED] available directly to the National Party.

[REDACTED]

7 August 1970

During oral briefing of the 40 Committee on the Chilean situation, C/WHD said that the COS, supported by the DCM, had indicated that an additional [REDACTED] might be necessary for the anti-Allende propaganda campaign. The Committee was not enthusiastic.

13 August 1970

A representative of ITT told the COS that a contribution of \$250,000 had been made to Alessandri's campaign. The COS told the representative that the National Party's capability to deliver the vote in greater Santiago might be crucial. [REDACTED]

[REDACTED]

19 August 1970

A representative of ITT said that an additional \$50,000 would be passed directly to the National Party and \$150,000 more would be contributed to the Alessandri campaign.
